Wood heater reports,

We have received your email and will respond shortly to address the irregularities raised. Please send future requests to myself as Mr Lal is now working in another part of our business.

The certificate expiry for the FPI Wood Heater Model F1500 and I1500 Certificate Number 73-16 is January 9<sup>th</sup> 2022. Considering you have just completed a review of this certification and the challenges you are facing in processing applications and renewals within the 90 day period, would it be possible to apply for the renewal of this certificate now with our updated report?

Best regards,

Julian

Mr. Lal,

I have attached a letter requesting Fireplace Products International to address certain irregularities found on the test report for the above-referenced model. To maintain your certificate of compliance, we ask that you address the irregularities described in the letter within **ten (10) business days** from receipt of this email.

Please acknowledge receipt of this email. If you have any questions, please let me know.
